3 Missionaries to be deployed by September 2018

Nadeem and Jamila Qazi are our first Pakistani/Canadian missionaries! They will be deployed in mid-September to Karachi Pakistan to work among the majority community. With **85%** of their support in place, they are in their final weeks of support-raising. I appeal to churches and individuals to partner with them so that more disciples, who make disciples, can be formed in this great city.

Eric and Val Nielsen and their two children, are soon to be deployed to one of our newest fields. The AÉBÉQ Region has asked us to join them to make more disciples, and to train more national leaders to reach their Region for Christ. Quebec is the largest under-reached people-group in all of the Americas. Less than 1% self-identify as followers of Jesus. Eric and Val are responding to Christ's call to make disciples, who make disciples, in Franco-phone Canada. With **80%** of their support in place they are asking churches and individuals with a heart for Quebec to become their partners.

Chris and Sara Middleton and their two sons are ready to go to Quebec along with the Niensens. In fact they have sold their house in Guelph and purchased a new home in Montreal. They, too, are in their final weeks of partner-raising and have **75%** of their support already committed! Chris has served in the Fellowship International office for eight years after he and Sara served faithfully in Turkey. Seasoned servants, they are seeking a few more partners to stand with them in prayer and finances.

2 New Fields

— Quebec and Sri Lanka

Fellowship International, in partnership with our **Quebec** Region, is facilitating Fellowship people to serve in Quebec. President Steve Jones has facilitated a partnership between our English-speaking Canadian churches and Francophone churches to energize church planting. Now the AÉBÉQ Region has asked Fellowship International to send them personnel to make disciples who make disciples.

Seekers Christian Fellowship in Ontario, under Pastor Ronald Jeyaseelan, has practiced the reconciliation of the Gospel and joined Tamil and Sinhalese as new believers into a single church. *More...* this pastor has led his church to establish two thriving ministries in **Sri Lanka** in poor Hindu and Buddhist villages. Churches are being established in each village. Fellowship International, under Pastor Ronald's leadership, has established this as our newest field of service.

2 New Missionaries Added

— **Pastor Ronald Jeyaseelan and Rob Byrnjolfson** are our newest missionaries

Pastor Ronald (Jeyaseelan) is serving part-time with Fellowship International (read above) to open our newest field. A strong pattern of using teams from Canada to serve in Sri Lanka has been established. The ministry is expanding to include medical ministry. Now there is opportunity for the Fellowship to strengthen and advance this work.

Rob (Byrnjolfson) is serving with Northwest Baptist Seminary in Langley, BC with the international *Immerse* and Korean cohorts. Rob will also serve with *LeadersFormation* given his background in International leadership development.

Poland Summit

For the first time in our history as a mission, all our missionaries are coming together to study and learn so that we can form disciple-making movements in all our fields. In August we will align ourselves around our vision, mission and values of being on task **“to make disciples who make disciples”**.

None of our work can or should be done outside of our dependence on God and His Fellowship people. Not only do we seek to keep wide open the door of opportunity of serving God among the nations, but we are mobilizing Fellowship people to do the work! Thank you for your prayer, gifts and heart. We are continuing to leverage our God-given resources to make an eternal impact in the nations.

I have prayerfully considered how I can assist with the support needs of the Qazis (Pakistan), Nielsens (Quebec), and Middletons (Quebec), and have also considered partnering financially with the upcoming Poland Summit. I have decided the following:

- ☐ the **Qazis** at \$____/mth ☐ the **Nielsens** at \$____/mth
☐ the **Middletons** at \$____/mth ☐ the **Poland Summit** \$_____
